Dear SASDA Members

We are hoping to see you in Zim this year and again would like to make it as easy as possible for
you to attend. As you will know from those who have visited Zim we have a beautiful country,
which has its issues being Africa, but is generally a very friendly place with much to offer.

1. The trip up: I would suggest travelling together to make the border easier but not essential if
anyone wants to come or go at a different time. It may be a good idea to overnight in Louis
Trichardt at a dog friendly venue like The Ultimate Guest House and reach the border early.
I can contact them once I know numbers and also find out about their camping facilities for
those who may prefer that option. There are also other pet friendly places between
Johannesburg and Harare that we can recommend. The road between Beit Bridge and Harare
is under major reconstruction and there is a large part now that is much improved although

some detours etc.

2. Car requirements: Most of our car requirements are the same as yours and some of our rules do not apply to foreign registered cars. If you would like to know all the rules and all the fines possible go to www.bigsky.co.zw for the cubbyhole notes! There is nothing that is too difficult and the police are very similar on both sides of the border!
3. Border requirements: No visa is required on an SA Passport but there is on a Brit one. To help we can have a friendly clearing agent to guide you through. The border can be a bit confusing but has speeded up considerably and the agent will keep you on the right path.
4. Dog papers: (All part of SADAC region.) Rose will assist with temporary import permits and the process necessary to bring dogs through the border. Please do make sure that all vaccines are up to date (Older than 30 days and under a year at time of travel) plus dogs are microchipped.
5. Currency: Any cash – Rand or US \$ works! Most things can be paid by credit card (visa etc.)
6. Costs: We will accommodate anyone making the trip. Entries will be as normal in SA.
7. Trial: This will be run to SASDA rules.
8. Holiday options: Eg Victoria Falls, Nyanga, Kariba. Anyone able to make more of a holiday and visit other destinations should try. I am happy to offer my kennels if they are wanted or needed.
